How many VI studies have you completed? \_\_\_\_\_

1. We believe in the structure God gave to Visionwriters International. We have seen it become the guardrails that keep people “in the process” of learning to believe. Please study 2 Timothy Chapter 2 with an understanding of what it means to surrender to the life of Christ within. Share what you believe are the benefits of our strategy and why you are a good match for our program.
2. Every Visionkeeper should maintain the posture of a student. As a product of the product, you are a living example to others. We are not speaking about perfection but true love through accountability to the work *the way we do it here*. Write down your thoughts concerning your readiness to commit to this on-going process. Please expand your answer.
3. We take an uncompromising stand on the essential doctrines of the Christian faith so please carefully read our Statement of Faith found on our website. We believe that Visionkeeping is a ministry. An agreement with our Vision, Mission, and Statement of Faith stirs the inward call and generates a new priority – shifting the order or importance of other things. Remaining an active student, mentoring and coaching others, developing relationships with students, and maintaining a connection with Visionwriters International through forms and other communication methods are new priorities to be managed. What adjustments are you willing to make to find the peaceful rhythm that will make this ministry a joy? Please expand your answer.
4. Please tell us what visionwriting (a.k.a. journalizing) is in 50 - 100 words.
5. What leadership positions (if any) do you currently hold or have previously held? Please expand.
